

Always Better®

Water Resistant

Lightweight

Fast Adjustment

Two point slings are ideal for most situations, there are times - deploying from a vehicle or fighting in complex structures - when a 1 point sling has a clear advantage. Combining our new polymer Burnsed Socket and patented RED Swivel, the Vickers 221 Sling allows users to switch from two point to one point mode instantly by pulling on the RED Swivel knob and reinserting it in to the Burnsed Socket at the rear of the receiver. The instantaneous adjustability of the sling is still maintained in both 1 and 2 point modes.

Weight	177g
Part #	VCAS-2to1-RED-AA
Use of Acetal triglides	1.25" sling webbing*** 2.00" tubular webbing with*** closed cell foam padding for padded models

Features	
Push Button attachment points for weapons with rear mounted push button	
Materials	
Invista Solution CORDURA® webbing	Machined steel and phosphate
ITW GhillieTEX™ Low IR hardware	Textured sphero-conical shaped pull knob

## SLING ADJUSTMENT
