The 2 point Vickers SAW Sling™ is designed for smaller belt-fed machine guns such as the Mk46 and M249 SAW. The front webbing is made of heat resistant Nomex® so the sling won't melt if it touches the barrel. It features 3" x 18" padded tubular webbing for comfortable carry (2" x 18" for Multicam® models).

Heavy Duty Padding

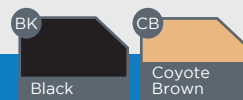

Quick Adjuster

Machined Aluminum Hardware
