

# COM-TAC II

military & special ops headset

Clear and reliable communication is critical to the success of any operation. Peltor's latest electronic talk-thru headset combines our most sophisticated surround sound listening electronics with a new slim-line profile cup design.

- ▶ MICH, PASGT and ACH helmet compatible
- ▶ Military & police radio patchcords available
- ▶ Advanced talk-thru electronics

# COM-TAC II

military & special ops headset

Flip switch for intercom microphone mute on/off

FL5040-05/-06 HMMWV (LV2) and STRYKER (AN/VIC-3) intercom harness cable PTT

PTT Shroud Accessory TKD5502/1

FL5040-02/-04 AN/PRC-148 (MBITR) harness cable PTT shown above

Waterproof touch pad volume control

Advanced electronic design will allow for continuous communication on 2-way radios even when batteries fail, only talk-thru feature is inoperable until batteries are replaced.

Cup microphones provide talk-thru listening capability. Electronics will instantaneously suppress harmful impact noises to 82 dBA inside the earcups, while amplifying up to 18 dB ambient noises/voices.

1 AA battery in each cup, 270 hrs battery life, waterproof battery housing design

Excellent helmet clearance

Noise canceling flexible gooseneck microphone

Optional throat microphone available MT90
